## KINGSVILLE.

H. C. Leach is rejoicing over the arrival of a fine girl at his home.

Hayden Walls has returned from Hominy, Okla. He has been out West for about three months.

James Griffin has sold his crop of tobacco, which he raised in the Buck Creek section. He says it averaged \$101 an acre.

Rev. J. A. Singleton filled his appointment at Pleasant Point Sunday morning. He baptized three persons in South Fork Creek that afternoon.

Miss Della Hogue is visiting her sister at Burnside. J. L. Johnson is able to walk about the premises after a severe attack of pneumonia. Ashley Hudson, of Weldon, N. C., worked five days at second trick at the depot last week.

Dr. Thompson has closed a deal with some telephone parties and has extended his line into Stanford. Has a phone in the St. Asaph Hotel at his service. This gives us two telephone connections with the county seat, the other being the Bell line.

Morgan Boone and his family of five children got off the train here Sunday en route to Maywood, their old home. His household goods came by freight Monday. He has been living in Somerset for five years, but says times are rather dull now in the capital of Pulaski.

Mr. John Underwood and wife, of Ludlow, spent several days here hunting quail. Mrs. Underwood is quite fond of hunting and is a better marksman than the average man. While here she shouldered her gun and spent her time in the fields with the other hunters.

There will be an entertainment at the school building on Friday night, Dec. 18. The program will consist of songs, recitations, debate, essays, dialogues, etc. The general public is invited to come. Proceeds will go for the benefit of the graded school. Admission 10 cents.

J. A. Dudderar and J. C. Pepples were here Saturday shaking hands with the democrats and soliciting votes for their race for assessor. They were the first of the candidates for county offices to do any work here and we predict that the political pot will soon begin to boil rather lively.

Lon Rigney came home Friday considerably bruised up from the effects of a wreck near Elihu on Thursday night. He jumped from the engine just before it collided with the rear end of the local train. His head and face struck the ballast and disfigured his countenance for a while.

Your mention in Friday's paper of Taft's religion in connection with the county unit law calls to mind a story that was reported here about election time. A stump speaker was whooping up a republican audience in Casey county. When he neared the climax of his discourse he exclaimed: "Some have charged Taft with being a Unitarian. Many do not know what Unitarian means. I will explain it here and now. It means nothing more nor less than a square deal." And Casey went republican.

## Resolutions of Respect.

At a meeting of the board of directors of the McKinney Deposit Bank held at their office Dec. 1, 1908, the following resolutions were offered and unanimously adopted.

1st. That in the death of Mr. John F. Cash this bank has lost one of its most valued directors and friends and it is a source of much regret to know that we shall forever be deprived of his wise counsel and leadership, and to his family we extend our deepest sympathy in their great loss.

2nd. That a copy of these resolutions be sent to his bereaved widow and to the INTERIOR JOURNAL for publication.

By order of the board.  
F. M. Ware, K. L. Tanner, W. A. Coffey, committee.

## Medicine That is Medicine.

"I have suffered a good deal with malaria and stomach complaints, but I have now found a remedy that keeps me well, and that remedy is Electric Bitters: a medicine that is medicine for stomach and liver troubles, and for run down conditions," says W. C. Klester, of Halliday, Ark. Electric Bitters purify and enrich the blood, tone up the nerves, and impart vigor and energy to the weak. Your money will be refunded if it fails to help you. 50c at Penny's Drug Store.

Formosa, with its population of 3,000,000, is running the Philippines neck and neck in the export of sugar. Each exported a value of \$4,000,000 in 1907.

The Frankfort penitentiary now has nine convicts who are over 80 years old, the last to be locked up there being Joseph Cook, who is 86 years old. He was sent there from Whitley county for the murder of his wife and, although the evidence was strongly against him, on account of his old age, the jury gave him only five years. He murdered his wife, it was shown, without provocation, about four years ago. During the last few weeks four convicts over 80 years of age have been received at the prison, but Cook is the oldest man ever received there. He is in fairly good health and well preserved for his age. He will be given light employment, as the five year's sentence means practically life imprisonment, the chances being a hundred to one that he will not live out his sentence.

## To The Democrats of Lincoln County.

After careful consideration, I have yielded to the solicitation of friends and concluded to become a candidate for the nomination of the Democratic party for the office of County Attorney. Having thus decided, I propose to do all in my power, in a fair, honorable way to obtain the nomination. I expect to make a thorough canvass of the county, and hope to be privileged to see every Democratic voter in the county, before the nomination for this office is made by the party. I favor a primary election, as the fairest and most satisfactory method of making the party's nominations; but will of course, accept and acquiesce in any method adopted by the governing authority of the party, for making its nominations. I assure you that any interest manifested in my behalf, and any support offered me will be greatly appreciated; and if nominated and elected to the office of County Attorney, I shall strive to merit and reward your services, by a vigilant attention to the duties of the office and a strict enforcement of the law.

T. J. HILL, JR.

Acting for the State Historical Society, Woodford W. Longmoor will go to Lincoln county today to see what is necessary to put the monument to Governor Isaac Shelby in condition, and he will also go to Mercer county to see in what shape is the monument erected to the memory of Governor Gabriel Slaughter. Both monuments were erected by the State Legislatures after the deaths of the Governors. The State Historical Society will have them put in the best possible condition, in order that their service may be made indefinite in marking the last resting places of two of Kentucky's most noted early Governors. —Frankfort Journal.

## Mrs. McRaney's Experience.

Mrs. M. McRaney, Prentiss, Miss., writes: "I was confined to my bed for three months with kidney and bladder trouble, and was treated by two physicians but failed to get relief. No human tongue can tell how I suffered, and I had given up hope of ever getting well until I began taking Foley's Kidney Remedy. After taking two bottles I felt like a new person, and feel it my duty to tell suffering women what Foley's Kidney Remedy did for me." New Stanford Drug Co.

While D. W. Whitmer, of Muhlenberg county, was clearing up a new ground a few days since he found a flat sandstone rock nearly rectangular in shape, six by 12 inches, on which was inscribed, "Daniel Boone, May 22, 1782." The rock was wedged in between the roots of a beech stump in a piece of bottom land, and there are no other stones on the land. The letters are plain and well preserved and are about one-half inch in length. Mr. Whitmer, as well as many other citizens of that section, believes it to have been the work of Daniel Boone.

Foley's Orino Laxative cures chronic constipation and stimulates the liver. Orino regulates the bowels so they will act naturally and you do not have to take purgatives continuously. New Stanford Drug Co.

## The Interior Journal.

E. C. WALTON

THE activity of the whisky forces in Lincoln county leads us to the belief that an effort is being made to nominate a county ticket "wet" from top to bottom. It matters not whether an officer is for or against saloons if he attends to the duties of the office, but if a ticket composed exclusively of so-called whisky men is named can it be elected without great trouble? In the face of a majority of 1,200 against saloons would it not be better to put on a few representatives of the "dry" element? Democrats who have the interest of the party at heart should ponder a little. Those claiming to be democrats to better carry their point will do only what is to their personal interests. Hence it behooves the sober, thinking democrats—democrats from principle who are always desirous of democratic success—to use judgment in the making of a ticket which is to be voted on in November, 1909. The whisky question has wrought political havoc in many counties of Kentucky. Don't let it do likewise in Lincoln. The whisky democrats are entitled to and should receive recognition but it is unreasonable that they should demand the whole pie.

THE democrats of the House are planning to demand an investigation of the purchase of the Panama canal property and in conformity with this program Representative Rainey, of Illinois, introduced a resolution directing the speaker to appoint a committee of five to "ascertain how much of the \$40,000,000 which appears of record to have been paid to the French company, was really paid to that company."

REPRESENTATIVE COX, of Indiana, says that the Democrats of Indiana will send a delegation to the next Democratic National Convention instructed for Gov. Thomas Marshall for President. The enthusiastic Mr. Cox should remember that it is a long time until another president is nominated and that his admiration for Indiana's governor might decrease a whit in four years.

NEARLY 600 gallons of "seized" whisky was sold in Atlanta by the government. It was moonshine but it went in a "jiffy" at \$2.25 to \$3.70 per gallon. This quick and high-price sale will be surprising to the Courier-Journal, which pretends to believe that there is so much booze in the Gate City of the South that it is a "drug" on the market.

We learn that our good friend, Mr. Louis Landram, of Lancaster, will associate himself with the Richmond Climax. We congratulate Brer Miller and his excellent paper for the acquisition of so valuable a man as we know "Louis" to be. He is one of the few newspaper men who know the printing business from "devil" to editor-in-chief.

Two weeks from to-day glorious Christmas will be here. It is a happy thought to the children and their joy over the approaching yuletide makes the older people feel glad. It is a grand season to which we should all look forward to and rightly observe.

The daily papers are again filling up valuable space with children's letters to Santa Claus. Such stuff is much easier secured than news of a readable character.

### POLITICAL.

Representative A. D. James will contest the election of last fall at which he was defeated for re-election for Congress by R. Y. Thomas.

The House granted the Ways and Means Committee authority to compel the attendance of witnesses at the tariff hearings and to make them testify under oath.

N. H. W. Aaron, of Casey, and J. C. Carter and G. M. Miller, of Monroe, are rival candidates for the republican nomination for circuit judge in the Casey district.

The no money and no whisky primary in Simpson county was a farce. Both money and whisky were freely used and more drunken people were seen than for years, says a dispatch.

Judge I. H. Thurman, of Springfield, was renominated for circuit judge at a convention at Lebanon. C. S. Hill, of Lebanon, was nominated for Commonwealth's attorney. Neither had opposition.

A petition asking that Charles H. Berryman be appointed collector of internal revenue in the Lexington district to succeed S. J. Roberts was circulated and secured a large number of signatures, that of Congressman W. P. Kimball being among them.

President Roosevelt's address was the feature of the conservation meeting at Washington, which was attended by many distinguished men. The President supported Judge Taft's suggestion that bonds be issued to pay for the permanent improvement of the inland waterways, and the suggestion was applauded by those present. Judge Taft presided at the meeting.

Berry T. Combs was killed, Kelly Hoskins fatally injured, and two others badly hurt when a timber fell from a new bridge which is being constructed across Lost Creek, in Breathitt county.

It is expected that the trials of the alleged night riders of the Reelfoot Lake region will begin at Union City, Tenn., next Monday.

The wife of Prof. Reuben Jones, of Puxico, Mo., gave birth to four boys.

### CHURCH MATTERS.

There will be a women's prayer meeting at the Christian church at 3 o'clock Sunday afternoon.

The ladies of the Christian church of Junction City will give a bazaar at the church Saturday, Dec. 12.

Eld. Z. T. Williams and wife closed a meeting at Chestnut Grove last Thursday night. There were 19 professions and 18 additions to the Church.—Adair News.

Wanted, 500 men at the Methodist church Sunday at 3 p. m. Services for men only. Revs. Harbin and Guice, evangelists, will have charge of the services.

The pastor expects to be in his pulpit next Sunday morning at the Presbyterian church. He hopes for a full attendance, for it is the second anniversary of his coming to this church. There will be no service at night on account of the series of meetings in progress at the Methodist church.

The revival at the Christian church at Paris conducted by President R. H. Crossfield, of Transylvania University, is creating wide interest, about 30 having come into the church thus far, and the audiences are crowding the main auditorium and overflowing into the Sunday school department at almost every service. Dr. Crossfield is preaching a constructive and sympathetic gospel that attracts Christians of all denominations, says a dispatch.

The union meeting at the Methodist church is assuming great proportions. Congregations are large, all denominations are working harmoniously to one end—a revival in Stanford. The preaching of Rev. Harbin is very strong, and the singing of Rev. Guice goes right to the heart. It is a very common thing to see persons weeping while he sings. The Lord seems to be with these men. Several have been saved since the meeting opened. There are five services held each day. Services will continue over Sunday.

We had a protracted meeting at Lake, Nov. 8 to 13. Evangelist Harbin and Guice were the helpers. It was good from the first to the close. There were 15 new members received, four by certificate, and three applicants to be yet received. There were probably 50 persons either converted or reclaimed, and we count 13 family altars erected. These brethren are good help. They work to get sinners saved; to get persons to join the church of their choice, and to honor and stand by their pastor. It is difficult for me to tell which my people most admired, the earnest preaching of Harbin, or the singing of Guice. His solos are wonderful.—C. McDonald in New Orleans Christian Advocate. The above gentlemen are assisting the pastor, Rev. T. W. Barker, in an interesting meeting at the Methodist church.

### MATRIMONIAL.

John Shelton and Miss Vina Hopkins, each aged 20, were joined heart and hand on the eighth.

His sire is one of the best bulls ever imported and his dam is a show cow that has given 60 pounds of rich milk in one day. If you believe "Like begets like or the likeness of some Ancestor" and have a strictly good cow, you should avail yourself of his service. He will be allowed to serve a limited number of approved, registered cows outside of our own herd this year, for a fee of \$5 each. Make engagement before sending cow to be bred.

RELIABLE UTTER, Stanford, Ky.

### Rheumatism

I have found a tried and tested cure for Rheumatism. Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn boys grown back to boys again. That is impossible. But I can now surely kill the pains and pang of this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many cases of Rheumatism; but now, at last, it is finally cured all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual cause to suffer longer with out help. We sell, and in confidence recommend
